A NATIONAL SURVEY OF K-12 TEACHERS

TEACHERS, **YOUR VOICE** MATTERS

#HearOurTeachers

1,300+ hours you'll spend in your building this school year

77% of U.S. public school teachers are women (Pew, 2024)

What your building does to students has been studied for decades. What it does to **you** has barely been studied at all.

WE WANT TO HEAR FROM YOU.

Your answers will be heard by the people who design, build and maintain schools like yours!
